California-Based Cryobank

*Where excellence meets genetics to ignite possibilities.
Explore your heritage and expand your legacy with us.*

Who We Are *Gilia*

Step into the world of the Gilia Project, where innovation meets compassion. As a pioneering cryobank, we are committed to setting new benchmarks in the industry. Our unwavering dedication to our cause drives us to provide the most comprehensive and selective services available. With a firm belief in passing on excellence, we embrace inclusivity to empower families across the globe. Originating in California, our influence reaches far and wide, as we strive to make a difference in the lives of our clients worldwide.

Our Facilities & Expertise

At the Gilia Project, we pride ourselves on having state-of-the-art facilities and top-tier embryo laboratory and internationally certified comprehensive reproductive center are equipped with the latest technology and hardware. This allows us to offer cross-border full-process services, including third-party reproduction, ensuring that we can cater to the diverse needs of our clients. With more than 2,000 successful cases annually, our track record speaks for itself. We are passionate about helping families build the future they deserve and providing the highest standard of care throughout their journey.

Benefits

The Benefits of Donating with Gilia Project

Genetic Recognition

By donating with Gilia Project, you have the opportunity to discover your exceptional genetics. Through our selective testing process, we identify individuals with outstanding genetic traits. We believe in embracing "diversified excellence" by combining exclusive standards with inclusivity. Your donation can make a profound impact on those seeking to build their families, allowing them to benefit from your exceptional genetic legacy.

High Compensation

We value and appreciate the generosity of our donors. When you donate with Gilia Project, you have the potential to earn up to \$50,000. Each donation is carefully evaluated based on sperm quality and tiers of excellence, with compensation ranging up to \$8,000. In addition, donors outside of the Los Angeles area are eligible for a complimentary trip, enhancing our compensation package and making the experience even more rewarding.

Heroic Contribution

By becoming a donor at Gilia Project, you have the opportunity to be a hero in someone's life. Your selfless act can make a life-changing impact on individuals and couples who are longing to start a family. By sharing your exceptional genetic legacy, you are helping them fulfill their dreams of experiencing the love and joy of parenthood.

Free Healthcare

We prioritize the well-being of our donors. As a part of our commitment to providing comprehensive care, we offer free healthcare services. This includes genetic testing, thorough physical examinations, and evaluations for sexually transmitted diseases (STDs) and mental health. Long-term partners also benefit from regular 6-month check-ups, ensuring your health needs are prioritized and expertly managed throughout your donation journey.

Candidates

The Candidates We Seek

Who You Are

- We are looking for exceptional individuals who are passionate about making a difference.
- Our ideal donors are healthy, outstanding individuals aged 18-35, free from any diseases, and filled with energy and enthusiasm to positively impact the lives of others.
- At Gilia Project, we prioritize the well-being of our donors and aim to bring health and happiness to all.

Evaluation Process

- We have four standards—Education, Proficiency, Height, and Appearance—which ensure the utmost professionalism and care in selecting our donors.
- Your compensation is evaluated based on the number of standards you excel in. Each standard you meet or exceed contributes to an increase in your compensation.
- We embrace diversity and welcome donors from all races. Our evaluation of appearance is done on a case-by-case basis, recognizing that diversity enriches the lives of those who benefit from our program.

Diversified Excellence

- At Gilia Project, we believe in recognizing excellence in all its diverse forms.
- We value unique talents, abilities, and qualities in each potential donor.
- We evaluate each individual holistically, taking into consideration a wide range of qualities, circumstances, and achievements.

Privacy Assurance

- We understand the importance of confidentiality and privacy when it comes to your personal information.
- At the Gilia Project, we prioritize utmost confidentiality. Only authorized personnel, who have signed strict confidentiality agreements, are granted access to your information.
- Rest assured that your donor profiles and information will never be publicly disclosed.

Compensation Payment

Gilia Project

We are delighted to introduce the Gilia Project Donor Referral and Ambassador Program, designed to acknowledge and reward individuals who support our mission of providing high-quality sperm donations. Our Donor Referral Program offers a straightforward and rewarding process, providing you with a simple way to earn rewards while contributing to the realization of dreams. Whether you're already a donor or not, you can participate in our referral program. Additionally, as a donor, you can join our ambassador program.

Referral Program

When your referred candidate meets our evaluation standards and becomes a Gilia Project donor, you'll receive 10% of their compensation based on the standards they excel in.

Ambassador Program

As an Ambassador, your efforts in referring eligible candidates are generously rewarded. For each successful referral, you'll receive 12% of the equivalent compensation, based on the standards met by the referred candidate. If you refer more than five candidates, your reward will increase to an impressive 15% of their compensation.

Choose your involvement with the Gilia Project by joining either of these programs. Make a profound difference while enjoying enhanced rewards and networking opportunities.

Licensed and Regulated Tissue Bank

We hold the credited Tissue Bank License from the California Department of Public Health and undergo routine on-site inspections. With us, you can have complete assurance.

National Agencies Regulating Sperm Banks

All sperm banks and other establishments offering donor semen services must be registered with the FDA by law.

We are registered with the FDA and are in full compliance with all relevant FDA regulatory requirements.

National Guidelines for Sperm Banking Best Practices

The American Society of Reproductive Medicine periodically issues guidelines on screening egg and sperm donors. These guidelines are better considered "standards of practice" and compliance is entirely voluntary.

The ASRM does not perform inspections.
